

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

VETO—SENATE BILL No. 309.

Senate Bill No. 309 provides for the improvement of part of Section 36, Township 3, South, Range 68 West, and the State Capitol grounds, belonging to the State of Colorado, and making an appropriation for the payment of the same. Section 3 of said act provides that the annual rentals derived from the southwest quarter of the southeast quarter of Section 36, Township 3 South, Range 68 West, is hereby appropriated to meet the improvement aforesaid, and the Treasurer is directed to pay the rentals from said lands toward liquidating the expenses of said improvement during the years in which payment is required.

This is an attempt to appropriate a part of the school fund to a purpose entirely foreign to that for which it was created. Section 3 Article 9 of the Constitution declares that the public school fund shall forever remain inviolate and intact. No part of same, principal or interest shall ever be transferred to any other fund or used or appropriated except as therein provided.

The annual rentals from school lands constitute a part of the school fund that can not be diverted to the payment of paving or other improvements, and I therefore disapprove section 3 of said bill, the same appearing as a separate item in an appropriation bill. The other parts thereof, to-wit, Sections 1, 2 and 4 will be approved.

Eighth—That all mines employing steam and other hoisting power, and equipped with cage or skip, shall, when hoisting material from two or more levels, employ a man to be known as a “cager” whose duties shall be to load and unload said cage or skip at said levels and to give all signals to the engineer. Employ “cager.”

PETROLEUM OIL—INSPECTION OF.

(S. B. No. 94, by Senator Felton.)

AN ACT

PROVIDING FOR THE INSPECTION OF ALL KINDS OF PETROLEUM OIL THAT SHALL BE USED FOR ILLUMINATING PURPOSES, REGULATING THE SALE OF SAID OIL, PROVIDING FOR CERTAIN APPOINTMENTS AND REMOVALS TO BE MADE BY THE GOVERNOR, DEFINING WHAT SHALL CONSTITUTE CERTAIN MISDEMEANORS, PRESCRIBING PENALTIES, AND CONTAINING OTHER MATTERS PROPERLY CONNECTED THEREWITH.

Be it Enacted by the General Assembly of the State of Colorado :

Shall inspect
petroleum.

Section 1. All mineral or petroleum oil, or any oil, fluid or substance which is a product of petroleum, or into which petroleum or any product of petroleum enters, or is found as a constituent element, whether manufactured within this state or not, shall be inspected as provided for in this act, before being offered for sale or sold for consumption for illuminating purposes within the state, and such inspection shall be conducted as herein provided, in the following manner:

Test, how
made.

The test shall be made in the well known open Tagliabue fire test cup, and this cup shall be filled to within one-fourth inch of the brim with the oil or other

substance to be tested, taken at the ordinary temperature. The oil or other substance being tested shall be heated by an alcohol lamp or gas jet with its flame so graduated that the rise in temperature from sixty degrees Fahrenheit to the highest degree of temperature shall not be less than two degrees per minute, and shall be as near two degrees per minute as is practicable, and shall in no case exceed four degrees per minute. A Fahrenheit thermometer shall be suspended in such manner that the upper surface of its bulb shall be as near as practicable one-fourth inch below the surface of the oil undergoing the test. As soon as the temperature reaches the point of eighty-six degrees Fahr. the lamp shall be removed from under the water bath and the oil shall then be allowed to rise to a temperature of eighty-eight degrees by the residual heat of water, and at that point the test shall be made by drawing a lighted taper, consisting of a piece of linen thread, of the size known as No. 10. quickly over and above the edge of the oil cup. This test shall be repeated as often as the oil gains five degrees of temperature, three degrees with the lamp under the water bath and two degrees with the lamp removed, until one hundred and eight degrees Fahrenheit. Then the lamp shall be placed under the water bath until 109 degrees Fahr. is reached, when the lamp shall be removed and the oil allowed to rise to temperature of 110 degrees Fahr. when a test as prescribed above shall be made. If the sample of oil when submitted to the above test does not ignite and burn at a temperature of 110 degrees Fahr. for the space of five seconds, then the sample of oil is to be considered of the required degree of safety, and it shall be lawful to sell such oil for illuminating purposes, and it shall be unlawful to sell for illuminating purposes any oil or oils herein described which do not bear such prescribed test, except that product of petroleum with lower fire test may be sold as hereinafter provided, and said products need not be tested, and provided further that oil inspected under the laws of any state, the laws

Sec. 2. The Governor, by and with the advice and consent of the senate, shall appoint a skilled and suitable person who is not interested in manufacturing [manufacturing], dealing or vending any illuminating oil manufactured from petroleum, as state inspector of oils, whose term of office shall be two years from the date of his appointment, and until his successor is appointed and qualified. Such inspector when so appointed and qualified is hereby empowered to employ a suitable number of deputies, which deputies are hereby empowered to perform the duties of inspector, and shall be liable to the same penalties as the state inspector, provided that the state inspector will not charge or receive any fee, compensation or award for the appointment of any deputy inspector from said deputy or any person, and each deputy shall have such portion of the fees for inspection made by him as may be agreed upon by the inspector and such deputy, and such state inspector may remove any deputy inspectors for any reasonable cause and appoint others in their place.

Such state inspector shall prepare all forms for all stencils, brands and stamps provided for in this act, and also such general rules and regulations for inspection not inconsistent with the terms and provisions of this act, and such rules and regulations

shall be binding upon all inspectors in this state. Such state inspector or his deputies are hereby required, and it is made their duty, to test the quality of all mineral or petroleum oils, or any oil, fluid or substance which is the product of petroleum, or into which petroleum or any product of petroleum enters or is found as a constituent element which is offered or intended to be offered for sale for illuminating purposes in this state whether contained in tanks, tank cars, barrels or other package, and if upon such testing or examination, the same shall meet all requirements herein specified, the said inspector or his deputies shall affix, by stencil or brand on any tank, package, cask or barrel containing the same, and by a stamp subscribed with his official signature, with the words "Approved for Illuminating Purposes" with the date of such inspection. When oil has been inspected in storage tanks before loading in tank car or cars, the inspector shall furnish the consignee a certificate showing that the oil in such tank car or cars has been duly inspected. Such certificate shall show the date of inspection, number and initial of tank car or cars, that the oil in such car is of the required test, and it shall then be lawful for any manufacturer, vendor dealer to sell the same to be consumed within this state for illuminating purposes but if the oil so tested shall not meet such requirements, he shall mark by stencil, or brand in plain letters on any package or barrel containing the same, and by a stamp subscribed with his official signature, the words "Rejected for Illuminating purposes" giving the date of such inspections; and it shall be unlawful for the owner thereof to sell such oil as is rejected, to be consumed within this state for illuminating purposes, and if any person shall sell or offer for sale such rejected oil, he shall be deemed guilty of a misdemeanor and shall be subjected to a penalty in a sum not more than five hundred dollars, or shall be imprisoned in the county jail not exceeding twenty days or both.

RESOLUTIONS OF RESPECT.

(By Senator Roe.)

Whereas: On the 23rd. day of February, Hattie McKee French, wife of Samuel M. French, Commander of the Colorado Soldiers' and Sailors' Home at Monte Vista, ended her years of usefulness on earth and passed beyond, and

Whereas: As Matron of the Home for several years without other recompense than the respect and love of the old Soldiers and the reward that comes from doing a duty that was in itself a pleasure, she daily ministered to the sick in the hospital and watched over the welfare of the inmates, counseling and comforting them daily.

Therefore, Be it Resolved, by the Members of the Twelfth General Assembly, That the sympathy of the Members be extended to Commander French and his Family in their sorrow over the departure of one whose life was steadfastly devoted to the work and pleasure of ministering to comrades, friends and relatives, and,

Be it Further Resolved, That an engrossed copy of these resolutions be forwarded to Commander French.

Approved March 10, 1899.

SENATE CONCURRENT RESOLUTION NO. 11.

(By Senator Barela.)

Whereas there is now pending in the Senate of the United States a certain bill for the creation of a new Circuit Court of the United States, to include the Districts of Colorado, Wyoming, Utah and Montana, and to be known as the Tenth Circuit, and which bill likewise provides for the creation of a Circuit Court of Appeals of the United States for the said Tenth circuit, and provides for the holding of the Circuit Court of Appeals for said Circuit at the City of Denver, in the State of Colorado, and at such other places as shall be determined upon by the said Circuit Court of Appeals; and,

Whereas, said bill has met with the approval of a large number of people residing within the said proposed Circuit, and it is considered that its provisions will largely relieve the present unjustifiable expense of prosecuting litigation in the Federal Courts in Colorado and the other states comprising the said proposed Tenth Judicial Circuit:

Now therefor, be it resolved by the Senate of the 12th General Assembly of the State of Colorado, the House of Representatives Concurring (Concurring):

That our Senators and Representatives in the Congress of the United States be requested to urge the passage of the said bill creating the said Tenth Judicial Circuit and the Circuit Court of Appeals for the said Tenth Circuit, and to use all efforts in their power to bring about the enactment of said bill into a law at the earliest date practicable.

Approved April 4, 1899.

SENATE CONCURRENT RESOLUTION NO. 12.

(By Senator Roe.)

Whereas, the members of the Grand Army of the Republic are desirous of moving the Soldiers' and Sailors' Home from its present location, and

Whereas, it is believed by all concerned that some other institution should be located at or removed to Monte Vista before the Soldiers' Home is removed from its present location,

Be it Resolved, by the Senate, the House concurring, that the Governor be empowered, and requested to appoint within ninety (90) days from the adjournment of this Session, a Commission of five citizens who shall receive no compensation except their actual expenses, and who shall investigate the whole subject of the removal of such Home, and who shall prepare and submit to the next session of the Legislature such Bill or Bills as they may deem proper and just looking to and providing for a just and fair exchange that will remove the Soldiers' and Sailors' Home at or near one of the following cities, viz., Denver, Colorado Springs, Pueblo, Golden or Brighton, and which shall provide for locating at or removing to the present Soldiers' Home site, some other State institution that will be a fair and just exchange for the loss to the people of Monte Vista for the removal of the Soldiers' Home; Provided, That the Home for Incurable Girls shall not be considered in such exchange, and provided that two members of such Commission shall be residents of Monte Vista and three members shall be members of the Grand Army; and provided, further, that such Commission shall arrange for donations looking to the establishment of a new Home for the Soldiers and Sailors at or near one of the cities above named.

HOUSE JOINT RESOLUTION NO. 10.

(By Mr. Bell.)

Whereas: Equal suffrage has been in operation in Colorado for five years, during which time women have exercised the privilege as generally as men, with the result that better candidates have been selected for office, methods of election have been purified, the character of legislation improved, civic intelligence increased and womanhood developed to greater usefulness by political responsibility; Therefore,

Resolved, by the House of Representatives, the Senate concurring, That in view of these results the enfranchisement of women in every state and territory of the American Union is hereby recommended as a measure tending to the advancement of a higher and better social order.

That an authenticated copy of these resolutions be forwarded by the Governor of the state to the legislature of every state and territory, and that the press be requested to call public attention to these resolutions.

HOUSE JOINT MEMORIAL NO. 21.

(By Mr. Browning.)

Whereas, Gettysburg and Vicksburg are the two names that mark the turning point in the Civil War and both should be commemorated in the most impressive and enduring manner possible, and

Whereas, the establishment of a National Military Park to commemorate the campaign, siege and defense of Vicksburg, will be an enduring memorial to the patriotism and valor of American soldiers, and an appropriate monument to the great Commander who planned the Vicksburg campaign and brilliantly carried it to a successful issue, Therefore,

Resolved, by the House of Representatives, the Senate concurring herein, that the General Assembly of the State of Colorado endorses the bill to establish a National Military Park at Vicksburg (H. R. 4382, 55th Congress), respectfully petitions that it be passed during the present session of Congress, and requests the Senators and Members of the House of Representatives in Congress from Colorado to labor earnestly to secure its passage.

Resolved, that the Secretary of State be and is hereby instructed to send a copy of this Resolution to the Senators and Members of the House of Representatives in Congress from Colorado; to William McKinley, President of the United States; to Thomas B. Reed, Speaker of the House of Representatives; to Joseph R. Hawley, Chairman of the Senate Committee on Military Affairs, and to John A. T. Hull, Chairman of the House Committee on Military Affairs.

Approved March 9, 1899.

JOINT MEMORIAL NO. 1.

(By Senator Barela.)

The General Assembly of the State of Colorado, To the Senate and House of Representatives of the United States of America, in Congress Assembled.

To the Honorable, the Senate and the House of Representatives, of the United States of America, in Congress Assembled:

Your Memorialists, The General Assembly of the State of Colorado, respectfully represent, that by reason of their geographical proximity, their topographical similarity, and their historical origin in common with the Republic of Mexico, the attention of your memorialists has been especially called to the extent and character of our sister Republic, and the relations of the United States toward her people and their sentiments.

That interesting people occupy a region having a common border line with the United States extending over two thousand miles; a region replete with history that seems to fill all the epochs since the cradle ages with a marked and wonderful variety of vegetable products, the most extensive mineral output, and a vast commerce in domestic animals. These with a government quite similar to our own, with a development on lines of higher civilization, parallel with our own, cannot but excite in our breasts a lively, honorable and sympathetic interest.

Late statistics show that the Republic of Mexico received, during her last fiscal year, imports to the value of \$42,204,095. of which more than half, or, \$22,593,860 came from the United States. They exported during the same year a total value of \$111,346,494. of which \$86,742,951. came to the United States, most of which, outside the precious metals, being of a character not infringing on our manufactured productions.

Citizens of the United States have investments in Mexico divided among Rail Roads, [railroads] Smelting, herding, rubber and coffee plantations, and other fixed values, a sum approximating three Hundred Millions of dollars.

For more than three hundred years Mexico was under the dominion of Spain. In 1821, following the line of most colonies on this hemisphere, she declared her independence, and shed her blood that liberty might approach the minimum degrees of latitude, and settle its benign influences over her vast dominion. Under liberty and free Government since Juarez—Mexico, has not attempted the portals of the future with the blood rusted key of the past, but with her educational, religious and internal improvement systems abreast with the present, she is unlocking her future, under the Administration of President Diaz, by engendering a policy in harmony with the most advanced lines of civilization.

No doubt that the example set by our forefathers in resisting the tyranny of Great Britain, was the spark that inspired the Mexican patriots to throw off the yoke of Spain, and, later, that spark still burning on her altars, caused her to resist the attempt to erect an alien and hostile dynasty within her borders. And who will deny that the sentiment of patriotism was the potency of her arms in resisting the aggression of the United States in our war with that sister republic:

Time has smoothed the ruffles of that strife, and forgetfulness has settled forever its amenities. But time never grows old to the patriotic sentiments of a people.

In our war with our sister republic we captured many cannon, guns, banners, and other trophies of war, many of which were captured from Spain by Mexico during her struggle for independence. They are to Mexico, mementoes of the blood purchase of her liberty. To us they are mere superannuated guns and mouldering banners, in no wise needed to preserve in the hearts

of our people the memory of the valor of her soldiery. Some of these mementoes are at West Point and, other places, particularly the "Vera Cruz", the "Contreras", the "Chapultepec", the "Molino del Rey", and the "City of Mexico." Some of these again spoke for liberty, as in the case at Greensburg, Kentucky, during the war for the preservation of the Union.

The late achievements of our country, our efforts in the cause of humanity, the prowess of our arms, the brilliant victories of our navy, have lifted us to a conspicuous position, where we command at once the wonder and admiration of the world. We can afford to be magnanimous.

Your memorialists believe that the return of these cannons, guns, banners, and other trophies to our sister republic would show that generous spirit of high planed fraternity that would excite in the people of that republic a confidence in our friendly and peaceful intentions, kindle a lively interest in our welfare, and invoke a love for us as a people that would find root in the most arid acre of her possessions.

Your memorialists, in view of these considerations, and in harmony with the sentiments they enjoin, pray your Honorable Bodies to provide by law or joint resolution, that the cannons, banners and other trophies which were captured by the United States in the conflict between this Republic and the Republic of Mexico, be returned to the Mexican administration with such expression as a half century of peace may suggest.

And your memorailists [memorialists] will ever pray, etc. That this memorial be enrolled and one copy be sent to the President of the United States, and one copy to each of our members in the Senate and in the House of Representatives in congress assembled.

WILLIAM G. SMITH,
Speaker of the House of Representatives.

FRANCIS CARNEY,
President of the Senate.

CHARLES S. THOMAS,
Governor of the State of Colorado.
